

The leading forum for Europe's potato sector 8 -9 September 2010 Estate 'Rittergut Bockerode' in Springe near Hanover

PotatoEurope 2010 is set to focus on breeding, fertilisation, plant protection, production technology and processing as well as trade. This outdoor exhibition also includes trial plots and machine demonstrations featuring planting, lifting and loading machinery, along with information forums.

**Don't miss this event!
Come and experience first hand...**

- presentations showcasing potato-sector innovations from around the world
- machine demonstrations under real-life conditions, trial plots, lecture forums and exhibitions
- exchanges with potato experts from Germany and abroad

The event location, the Estate 'Rittergut Bockerode', offers an excellent infrastructure thanks to its proximity to the city of Hanover, whilst its central location within Europe guarantees a large number of international visitors.
